

Public Notice
Andhra Pradesh Private Medical & Dental
Colleges Managements Association
Vijayawada

Covid-19 pandemic has taken the country by storm. As a result most of the educational institutions remained closed since the last week of March 2020. Affiliated hospitals of Private unaided medical colleges were converted into Covid-19 Hospitals.

In the wake of resurgence of Covid-19 infection in the fortnight, examinations were cancelled or postponed to later date; admission process to professional institutions was delayed. Students' community was put to undue distress. In the midst of this pandemonium, APHER & MC has surprised the private medical & dental colleges' managements association by fixing lower & unsustainable fee structure to the postgraduate medical and dental courses in the state of Andhra Pradesh. Aggrieved by decision of the Commission and its approval by AP Government through its GOMs No56 of H & FW (C1) dt 29 May 2020, the APPMDCMA has filed a batch of WPs No.9969 of 2020, 9973 of 2020 and 9880 of 2020 in AP High Court in the first week of Jun 2020. The WP is yet to be adjudicated.

The member institutions of the association are deeply concerned with the deleterious effects on postponement of the admission process on healthcare manpower generation in the state.

In the light of the above APPMDCMA has unanimously decided to admit candidates selected to various PG courses by Dr NTR University of Health Sciences subject to the condition that each student shall give an affidavit stating that he/she will abide by the decision of Court of Law in all matters including tuition & other fee in the aforesaid batch of writ petitions.

29-06-2020, Vijayawada

Sd/- Secretary, APPMDCMA
