

ALLURI SITA RAMA RAJU ACADAEMY OF MEDICAL SCIENCES

DEPARTMENT OF RESIPIRATORY - PROFILE

ASRAM has one of the largest & well endowed Post graduate program in Pulmonary Medicine in the state of Andhra Pradesh. Our department excels in providing patient care and nurturing post graduate students to become expert pulmonologists. We care for all types of lung diseases and sleep disorders as well as provide excellent inpatient services including critical care with multi disciplinary approach and fully equipped RICU and ward.

We are intensely focused on early detection and management of pulmonary and extra pulmonary TB, management of MDR and XDR TB patients with dedicated RNTCP unit in outpatient wing.

Our integrated sleep centre is a one - of – a – kind facility in West Godavari and nearby districts catering to ever growing number of patients with sleep disorders.

ASRAM also excels in providing services in Pulmonary Function Testing (PFT). Intercostal drainage, Bronchoscopy, Thoracoscopy, and Thoracocentesis.

Our department under has bright & well experienced teaching faculty resulting in very vibrant & effective teaching program. The number of dissertations published on varied topics so far stands as proof for the research spirit in the department.

Our main motive is to develop highly trained manpower, curriculum and techniques for undergraduate and postgraduate medical education.
